

You are a **Chinese citizen** and would like to take up a challenging task in an interesting international field of work in your home country, with immediate effect.

We, the **Returning Experts Programme** support graduates as well as experienced experts, who have completed a professional training or advanced study in Germany, and who are interested in returning to their countries. In China the Programme is implemented by the **Centre for International Migration and Development (CIM)** in cooperation with the **Association of Experts in the Fields of Migration and Development Cooperation (AGEF)**. By order of the National Lighting Test Centre (NLTC) we are looking for a

Marketing and Sales Assistant (m/f) in Beijing, China

Your responsibilities

As Marketing and Sales Assistant you are working in the International Cooperation Division. You are responsible for the following duties:

- Make research on the market situation of lighting field, as well as its testing filed, so as to provide support for the division's establishment and implementation of each development strategy and plans orienting internationalization.
- Promote NLTC's accreditation of testing lighting products for more foreign institutions.
- Acquire more information of market promotion regarding the fields related to lighting in order to develop international projects.

What you can expect

Founded in 1975, NLTC National Lighting Test Laboratories is approved by the China National Accreditation Committee for Laboratories (CNAS) as well as China National Certification and Accreditation Commission (CNCA). What's more, NLTC has been designated by State Science and Technology Commission as an appraisal centre for national achievement in lighting products. Authorized by the State Technology Administration and Industrial and Commercial Administration, it is also responsible for the collected products' quality inspection during the spot check. Further more, NLTC is in charge of drafting some standards and testing methods for the national lighting industry, as well as provide quality service to many enterprises.

What you bring along with you

You have a master's or higher university degree in Economics or another related field. Moreover you have first professional experience in product and standard promotion and marketing project coordination. Knowledge in the field of lighting products as well as experience in energy conservation and environment protection is an advantage but not obligatory. You are an energetic, friendly, initiative, open and easy-going person with spirit of team work. Fluency in English and basic knowledge in German complete your profile.
